

*Signal of
Interest*

```
graph LR; A[Signal of Interest] --> B[Analog Instrument]; B --> C[Point by point Sampling]; C --> D[Computer processing];
```

The diagram is a horizontal flowchart with four rectangular boxes connected by right-pointing arrows. The first three boxes have solid black borders, while the fourth is enclosed in a dashed border. The text inside each box is italicized. The first box contains 'Signal of Interest', the second 'Analog Instrument', the third 'Point by point Sampling', and the fourth 'Computer processing'.

*Analog
Instrument*

*Point by
point
Sampling*

*Computer
processing*
